## Group Counselling

### [ABI Counselling Group](#)

This is a 6 week group counselling session for people who have experienced an acquired brain injury. It was created for people to have a supportive environment to discuss problems and concerns and work towards their future goals. The group is facilitated by Dr. Nancy Reeves, a Registered Psychologist who has worked in the area of grief, loss, personal injury, and trauma for 38 years. Dr. Reeves has worked extensively with people with acquired brain injury and their friends and family. Space is limited and by referral ONLY.
